RE: FORMS AND DEADLINES

---

**Goal-Setting Worldwide Report Day** on October 11, 2006 is just six weeks away. Determining fund-raising goals for our 2006-07 clubs is of vital importance to the campaign's success and our continued service as Knights of the Blind. Group coordinators will assist these 2006-07 clubs in setting challenging targets and report the good news to district coordinators and sector coordinators. The goals collected will then be reported by national/multi-national coordinators directly to me and used to inspire Lions around the world.

To assist with the collection of these goals, campaign leaders have been provided three specific forms for their use in reporting the data. They are:

- **Group Goal-Setting Report Form (GC-2)**
- **District Goal-Setting Report Form (DC-2)**
- **Sector Goal-Setting Report Form (SC-2)**

The following page lists the deadlines for completion and submission of each form to the appropriate campaign leader leading up to Worldwide Report Day on October 11th.

***Please note: Deadlines for our second worldwide report have changed to allow group coordinators more time to meet with clubs. As a result of this change, new GC-2, DC-2, and SC-2 Forms have been provided and are attached to this communication in Microsoft Word format. Please use these new forms.***

Additional copies are always available at [www.Lions-CSFII.org](http://www.Lions-CSFII.org).
